

Certified Renewable Energy Equipment Registration

Termination Application

Application date: __ (month) __ (day), __ (year)

Site code: _____ (Filled out by the T-REC Center)

Applicant site name: _____

Applicant site address: _____

Applicant site officer (name/telephone/e-mail): _____

Reason for Registration Termination (please circle descriptions that apply)

- A. The renewable energy power generation business wishes to wholesale all electricity generated by the audited certified equipment.
- B. The green power bilateral contract signed by the renewable energy power generation business and user is expired or canceled, or the audited certified equipment's related contract is expired or canceled.
- C. The renewable energy power generation business writes off the equipment due to excessive aging of the audited certified equipment.
- D. The audited certified equipment is damaged due to a natural disaster, such as an earthquake and typhoon, causing it to be unable to function normally or measure power generation, and remains un-repaired after 1 year, and is thus disqualified and terminated from further audits.
- E. None of the above (please detail the reason to terminate registration in the following entries).
